***2021 Questionnaire***

*In order to plan for your individualized Program of Study the faculty is requesting that you complete the following questionnaire. We expect that there will be a number of skill areas which you will not have fully developed. Over the course of your academic career and field placements at UNC we will guide each of you on your Program of Studies and incorporate courses, readings, and field-based assignments which will increase your knowledge base and professional skills in your personalized areas for development. Once you complete this questionnaire, please send this to the School Psychology Program Administrator at [lhutchis@email.unc.edu](mailto:lhutchis@email.unc.edu). Thank you in advance for taking the time to thoughtfully complete this questionnaire and we look forward to working with you in the fall.*

## **Externship Planning**

All incoming doctoral students without experience as a school psychologist (which will be the majority of your cohort) will be placed with mentor psychologists in a school district surrounding CH for both fall and spring of your first year. I will be starting the process of determining school-based externship placements soon for the upcoming school year and want to gather a bit more information from you. Please know that I cannot guarantee a particular site but will do my best to plan accordingly. Your externship placement will take place on Thursdays or Fridays so keep this in mind as you plan your fall and spring schedule.

Thanks! - Dr. Evarrs
