*BK add on licensure courses are in **BOLD, ITALICS**.*

**One graduate level Development course (EDUC 762 or 763) is required for ALL students.**

**M.Ed. Elective Options:**

SPHS 880: Autism Across the Life Span offered Spring term, 2021 and 2022 OR EDUC 689: Foundations of Special Education (offered fall and summer terms) are highly recommended elective courses. Or students may choose other graduate level courses focused on young children and families. Elective courses may be taken in the School of Education or other graduate programs within UNC at Chapel Hill such as Special Education (K-12), Allied Health, Maternal and Child Health, Psychology, and Social Work.
