IMPORTANT CAUTION:

We have made every effort to include accurate information in this handbook. However, requirements for licensure are subject to change due to actions of the NC General Assembly, the State Board of Education, the Department of Health and Human Services and the Department of Public Instruction. If changes occur, we will notify you as soon as possible.

Welcome to the Master of Education for Experienced Teachers (MEDX) Program at the University of North Carolina at Chapel Hill

We are pleased that you will be joining us in the M.Ed. graduate program beginning Summer 2022.

This handbook provides a summary of important information. In this handbook you will find:

- An overview of the M.Ed. for Experienced Teachers (MEDX) program.
- A Program of Studies table that outlines the course expectations for the ECIFS cohort.
- Information that will be helpful in getting you started in the MEDX program.
- Contact information for key MEDX faculty and staff.

I hope this handbook will answer many of your questions or at least point you toward those people who will be most helpful in answering those questions as you begin your MEDX journey. Please note this handbook and advising forms are available on the ECIFS Sakai site under the Resources folder (2022-2024cohort). You should be able to access that site with your UNC onyen and password. We will be shifting to another online format in the coming months so will keep you updated as those changes occur.

Again, welcome to our ECIFS program.

Sincerely,

A handwritten signature in cursive script that reads "Jessica Amsbary". The signature is written in dark ink and includes a long horizontal flourish extending to the right.

Jessica Amsbary
MEDX Early Childhood Intervention and Family Support Cohort Leader

MEDX PROGRAM DESCRIPTION AND REQUIREMENTS

The M.Ed. for Experienced Teachers (MEDX) program is a part-time, field-based program that is specifically designed to meet the needs of today's practicing teachers. This customized degree program offers North Carolina teachers a unique opportunity to engage in an academic experience that combines face-to-face instruction with Internet-based instruction.

The program is designed for experienced teachers who wish to expand and refine their understanding of teaching and learning. Participants will take between 30 and 34 hours of graduate work over two summers and two academic years. Each program of study consists of course work taken in a specialty area and course work taken with experienced teachers who are participating in other M.Ed. specialty areas. These core courses will address broader content that is applicable across grade levels of teaching and disciplines.

SPECIALTY AREAS

The M.Ed. for Experienced Teachers is a cohort-based program based upon specialty areas. The cohort info for the 2022-2024 MEDX cycle is:

- Early Childhood Intervention and Family Support Cohort Leader, Dr. Jessica Amsbary

TRANSFER OF CREDITS

In general, students may transfer up to **6 credit hours of graduate level coursework**. Approved transfer courses must have been taken within the past five years. There may be special cases where students may transfer additional course credits with the program coordinator and SOE approval. Students should submit the following paper work to their cohort leader regarding the transfer of credits: (1) a statement regarding which course the student wishes to waive and why, and (2) a copy of the syllabus or course catalog description of the graduate level course taken at another institution and (3) a transcript that includes the course identified. The cohort leader will forward those materials to the instructor of the course for which the student is requesting the waiver. If the course waiver is approved, the cohort leader will pass the materials along to the Office of Student Affairs who will process and post the courses approved.

SATISFACTORY ACADEMIC PROGRESS

Students are expected to maintain satisfactory academic progress throughout the M.Ed. program. If a student receives a grade of L, the student must meet with his/her cohort leader or other designated faculty member.

If a student receives one F in a course OR 9 or more hours of L, the student will NOT be allowed to continue in the M.Ed. program. Once students have received 6 hours of L in their coursework, they will be placed on Academic Probation, at which time they will be counseled by a program advisor regarding their continuation in the program. If an additional grade of L is received and students reach 9 hours of L, they will be exited from the program.

It is the responsibility of students to contact appropriate faculty members if they are experiencing difficulties in completing course and/or program requirements. Course-specific concerns should be directed to the instructor of the course. Other more general concerns about the program should be directed first to the cohort leader and then to the MEDX program coordinator, if appropriate.

Cohort leaders and other MEDX faculty may also initiate additional meetings with students to discuss their progress as needed.

UNC EMAIL ADDRESS POLICIES

All faculty, staff, and student employees *must use University-owned, managed, or approved email addresses for all work-related email correspondence and maintain a University email address in the campus directory.*

SCHOLARSHIPS AND STUDENT AID

You **MUST** be registered for 4.5 hours per term to qualify for federal financial aid. If you are registered for a class with variable credit hours, it is possible to increase the hours to meet this minimum. Please contact the Office of Scholarships and Student Aid (<http://studentaid.unc.edu/>) for question about your aid package. Cohort leaders may also inform students of cohort-specific funding opportunities as they arise.

Please note the following pages about funding available through the North Carolina Child Care Resources T.E.A.C.H. Scholarship Program.

T.E.A.C.H. Early Childhood Bachelor's Plus Scholarship Program

What is the T.E.A.C.H. Early Childhood Scholarship Program?

The T.E.A.C.H. Early Childhood (Teacher Education and Compensation Helps) Scholarship Program was developed to upgrade the level of education of teachers working with young children while making the educational process affordable, increasing wages and reducing turnover.

Getting Started: <https://www.childcareservices.org/programs/teach-north-carolina/getting-started/>

Application Materials (Bachelor's Plus): <https://www.childcareservices.org/programs/teach-north-carolina/apply/>

Who is eligible for a scholarship?

Any child care center teacher who would like to attend a participating university to earn a B-K license or master degree. Certification and who meets the following criteria is eligible for a scholarship. Applicants must:

- be employed at least 30 hours per week in an early childhood classroom;
- have a bachelor's degree with enough transferable credit to only have 15 classes (max 45 credit hours) needed to earn B-K certification;
- be eligible for university admission as an in-state student, and;
- have worked in child care in North Carolina for at least one year.

Scholarships are awarded on the basis of need and commitment to the Early Childhood Education field.

What support and commitments can be expected with a T.E.A.C.H. scholarship?

	Scholarship	Education	Compensation	Commitment
Recipient	5% tuition 5% books	9-15 semester hours/year @ a state university in Birth Kindergarten Education	Receive \$725 bonus	Additional 6 months in sponsoring center plus additional 6 months in child care in NC or additional year in sponsoring center
Employer	5% tuition 5% books Up to 3 hours paid release time per week		Pay \$150 bonus	
T.E.A.C.H.	90% tuition 90% books Travel stipend		Reimburse employer 75% of release time Pay \$575 bonus	

When should I apply for a scholarship?

Applications must be submitted at least six weeks prior to the beginning of the semester you wish to enroll. Part of the scholarship application process includes admission to the university and a review of your transcript.

Can any type of center sponsor a teacher?

Scholarship teachers have been sponsored by private for-profit, church, private not-for-profit, public and Head Start programs. Any center wishing to make a commitment to teacher education and compensation by meeting the terms of the program can participate.

EXPERIENTIAL LEARNING OPPORTUNITIES

As part of the initial course sequence that all MEDX students take at the beginning of their program of studies, students engage in an experiential learning opportunity through one summer session course, EDUC 601: Education Workshop. Details about that course and the experiential learning requirements will be provided by the Summer Session course instructors.

The ECIFS specialization offers additional experiential learning opportunities through the EDMX 764: Families and Teams course in which students engage in Family Mentorship experience with families of young children who are at risk or have disabilities. In addition, the EDUC 701 summer internship (1-2 credit hours) taken during the second summer of students' course of study involves service learning with area early childhood intervention and family support programs.

QUICK REFERENCE GUIDE

This is intended to be a quick reference for matters of concern for MEDX students. It is not intended to be a comprehensive list of resources.

STUDENT AFFAIRS OFFICE (http://soe.unc.edu/services/student_affairs/)

Contact this office if you have questions about:

- Admissions
- Course registration problems
- Licensure
- Drop/add procedures, withdrawal forms, grade change forms, etc.
- Residency
- Graduation
- Administrative appeals
- Leave of absence/readmission
- General SOE master's listserv
- Transfer credit approval
- SOE scholarships and fellowships

To contact the Student Affairs Office, call (919) 962-8693

MEDX SPECIFIC ISSUES

Contact your cohort leader if you have questions about:

- The cohort program of studies and any questions that are specific to your cohort. ***You should always refer to your M.EdX handbook and Sakai site first.***
- Requirements for specific courses (contact course instructor)

Contact the MEDX program support staff if you have questions about:

- The MEDX cohort listservs.
- Miscellaneous other tasks/issues

Please see page 6 in this handbook for contact information for MEDX faculty and staff.

CONNECT CAROLINA (<https://connectcarolina.unc.edu/>)

ConnectCarolina is used for:

- Registering for courses
- Student billing/accounts
- Updating personal information (address, phone numbers, emergency contact information, etc.)

For help with ConnectCarolina call (919) 962-HELP or go to <http://help.unc.edu>

**MEDX Program of Study
Early Childhood Intervention and Family Support
2022-2024**

ECIFS (B-K) Specialty Content	MED CORE Content
<i>YEAR ONE: Summer</i>	
<p><i>EDMX 766: Preschool/Kindergarten Curriculum and Learning Environments</i></p> <p><i>EDUC 701: BK Internship</i></p> <p>EDUC 689: Foundations of Special Education (not required this cohort)</p>	
<i>YEAR ONE: Fall</i>	
<p><i>EDMX 716: Assessment and Differentiation</i></p> <p><i>EDMX 762: Advanced Emergent Literacy</i></p>	
<i>YEAR ONE: Spring</i>	
<p>SPHS 880: Autism Across the Lifespan (Elective) OR</p> <p><i>EDUC 763: Biological Basis of Child Development</i></p>	<p><i>EDMX 710: Early Childhood Leadership</i></p>
<i>YEAR TWO: Summer</i>	
<p><i>EDMX 767: Infant/Toddler Curriculum and Learning Environments</i></p> <p><i>EDUC 701: BK Internship (if not taken in Summer I)</i></p>	<p>EDUC 601: Education Workshop</p>

<i>YEAR TWO: Fall</i>	
<i>764: Families and Teams – Sociocultural and Interdisciplinary Perspectives</i>	EDMX 708: Teacher Researcher I
<i>YEAR TWO: Spring</i>	
<i>EDUC 762: Child Development and Disability</i> OR SPHS 880: Autism Across the Lifespan	EDMX 709: Teacher Researcher II

****BK add on licensure courses are in BOLD, ITALICS.*** (but add on students need to take only one of EDUC 762 OR EDUC 763)

One graduate level Child Development course (EDUC 762 or 763) is required for ALL students. However, students who are Option Two (who do not currently hold an active teaching license) are required to enroll in BOTH 762 AND 763.

M.Ed. Elective Options:

SPHS 880: Autism Across the Life Span offered Spring term, 2023 and 2024 OR EDUC 689: Foundations of Special Education (offered fall and summer terms) are highly recommended elective courses. Or students may choose other graduate level courses focused on young children and families. Elective courses may be taken in the School of Education or other graduate programs within UNC at Chapel Hill such as Special Education (K-12), Allied Health, Maternal and Child Health, Psychology, and Social Work.

OPTION ONE : Students who hold a current North Carolina teaching license in *any area*.

OPTION TWO: Students who do not have a current teaching license but have a minimum of two years experience teaching young children and have an undergraduate degree in Child Development, Family and Consumer Sciences, Early Childhood, or a related area.

ELECTIVE: Grant funded students have a prescribed elective based on the grant specialization area. For example, students funded via the Autism Specialization grant are required to enroll in SPHS 880: Autism Seminar as their required elective. Other students may choose an elective that relates to young children and families. Option Two students may count a second Child Development course OR EDUC 689: Foundations of Special Education course as their required elective.

COURSE REGISTRATION PROCEDURES

Registration is done via the ConnectCarolina system. (<https://connectcarolina.unc.edu/>) Students will log-in through the MyUNC portal (my.unc.edu). Additional information about registering for courses can be found at <http://registrar.unc.edu/registration/>.

If you need additional assistance in registering for courses, please contact the School of Education Registrar, Lisa Johnson (lisa.johnson@unc.edu) in Student Affairs at (919) 962-8690.

If you have questions about particular courses, please contact the course instructor or consult the course syllabus.

GRADUATION REQUIREMENTS

Students expecting to graduate at the end of a semester must submit their degree candidacy application by the deadline posted on the University registrar's calendar.

All degree-seeking students should apply to graduate through ConnectCarolina. If there are additional steps required, you will be alerted once you have completed the ConnectCarolina process.

In addition, the Student Affairs office will provide periodic emails with instructions for graduating students.

HOW TO APPLY FOR YOUR LICENSE UPON COMPLETION OF THE PROGRAM

Licensure should be requested within five (5) years of completion of any program leading to licensure. After 5 years, there is no guarantee that the School of Education will be able to recommend for a license due to potential changes in licensure requirements and programs

Initiating the licensure application is the student's responsibility. If needed, the Licensure Officer can provide prospective or employers with a letter of verification while you await the official license.

Please refer to the SOE Office of Student Affairs website for the most recent information relating to testing and licensure:

- https://soe.unc.edu/services/student_affairs/licensure/masters_praxis.php
- https://soe.unc.edu/services/student_affairs/licensure/add_areas_praxis.php

LICENSURE STATUS NOTE

If you hold a Standard Professional I (SP I) license, it must be active in order for you to be recommended for an add-on or upgraded license. An expired SP I cannot be modified in any way. If your SP I has expired, you must be rehired by a school district and your district must request that your SP I be reactivated prior to being recommended for your add-on or upgrade.

Questions about licensure may be directed to the SOE Licensure Officer at soe.licensure@unc.edu.

SAKAI

Sakai is a learning management system, or a website where students access content for UNC's online and classroom-based courses. In other words, students log onto Sakai (<https://www.unc.edu/sakai/>) to access their course syllabi, lessons, and assignments, discussions forums, etc. (Please note that some instructors may choose to use other online platforms.) There are also tutorials and other good online resources on the Sakai website. The Student FAQ web page (<http://sakaitutorials.unc.edu/?FAQ: Frequently Asked Questions||Student FAQ>) is a good place to get started learning about Sakai.
