EVALUATION RUBRIC:

- **PLEASE EVALUATE THE STUDENT IN YOUR EXTERNSHIP USING THE SCALE BELOW. PLEASE CHOOSE THE LEVEL THAT BEST DESCRIBES THEIR COMPETENCE, CONSIDERING THEIR LEVEL OF TRAINING AND YEAR IN THE PROGRAM (i.e., 1st, 2nd, 3rd, 4th year):**
- **N/A - Not Applicable** - The competency or skill is not applicable to the extern; the externship does not provide the opportunity to evaluate the skill and/or the skill was not observed;
- **Below Expectations** - Competence is **BELOW** expectations. The extern needs further training and/or remediation to improve to an acceptable level for her/his year in the program. This is clearly an area in need of further development;
- **MEETS Expectations** - Competence **MEETS** expectations. The extern has shown some basic mastery of the competency or skill and is at a level expected for someone at her/his level of training; **NOTE: We anticipate that a majority of externs will receive an evaluation of MEETS on most items.**
- **Exceeds Expectations** - Competence **EXCEEDS** expectations for someone at her/his level of training. This is clearly a strength relative to other graduate students that you have observed (at a comparable level of training).
- **Note: Some items are rated on a "MEETS expectations" or "BELOW expectations" scale. Expectations are based on the extern's current level of training and clinical experience.**
